

## Prepare your samples

Make sure you meet the sample size requirements for analysis. Use the table below for reference.

Analysis	# of Compounds	Minimum Sample Volume
Pesticide MRA NOP	328	50 grams
Pesticide MRA PST3	321	50 grams
Pesticide MRA USP561	96	50 grams
Pesticide MRA PST5	501	50 grams
Pesticide MRA LCMS	255	50 grams
Pesticide MRA GCMS	208	50 grams

## Labeling your physical sample

Attach a paper label as permanent marker easily rubs off of plastic bags and containers during shipment. The Sample ID on your sample must match the corresponding Client Sample ID on the order form to avoid any processing delays.

## Fill out FoodChain ID's Laboratory Analysis Request Form

Complete the form, print it and include it with your samples. Alternatively, you may email your completed analysis request form to your Account Manager.

## Securely package samples

Double-bag each sample, or place them in a leak-proof container. Fill any empty spaces around the samples with packing material. Mail them to:

**FoodChain ID Testing**  
4150 Lafayette Center Drive  
Suite 600  
Chantilly, VA 20151
